Dear Dr. Jovanic, Re: 03-ma0069

Thank you very much for sending to me your manuscript: *Design of the Linberg flap by a specially designed ruler - author's approach.*

I am happy to say we have accepted it for publication. I should tell you also that it is unusual for us to accept a paper without the need for revision but this did happen in your instance.

The only suggestion that I have is to have your title changed to: *Design of the Linberg flap by a specially designed ruler: A personal approach.*

This will appear as an Idea and Innovation. Please be patient because we have a large backlog.

Your images will appear in black and white. If you wish to have colour, unfortunately the cost would be about \$2400 and you would have to send us a separate CD in tiff format, CMYK colour mode, and saved no narrower than 19 picas (3.17 inches).

Please send us a CD of your text.

All the best to you and your co-author.

Sincerely,

Robert M. Goldwyn, M.D., Editor
